TC-LOGIN-0010	Verify login form can be submitted using keyboard	Valid credentials	User is on login page	1. Enter username 2. Enter password 3. Use the appropriate keyboard action to submit the form	Login form is submitted and user is logged in successfully		

TC-PROD-001	Verify product list id displayed	N/A	User is logged in	1. Open inventory page 2. Observe product listing	Available products are displayed		
TC-PROD-002	Verify product name is displayed	Any available product	User is on inventory page	1. Select a product 2. Observe product card	Product name is displayed correctly		
TC-PROD-003	Verify product description is displayed	Any available product	User is on inventory page	Observe product card	Product description is displayed correctly		
TC-PROD-004	Verify product image is displayed	Any available product	User is on inventory page	Observe product card	product image is displayed correctly		
TC-PROD-005	Verify product price is displayed	Any available product	User is on inventory page	Observe product card	product proce is displayed correctly		
TC-PROD-006	Verify product sorting by name A-Z	Sort: Name A to Z	User is on inventory page	1. Open sorting dropdown 2. Select Name A to Z 3. Observe product order	Products are displayed in ascending alphabetical order		
TC-PROD-007	Verify product sorting by name Z-A	Sort: Name A to Z	User is on inventory page	1. Open sorting dropdown 2. Select Name Z to A 3. Observe product order	Products are displayed in descending alphabetical order		
TC-PROD-008	Verify product sorting by price high to low	Sort: Price High to Low	User is on inventory page	1. Open sorting dropdown 2. Select Proce High to Low 3. Observe product order	Products are displayed from highest proce to lowest price		
TC-PROD-009	Verify product sorting by price low to high	Sort: Price Low to High	User is on inventory page	1. Open sorting dropdown 2. Select Proce Low to High 3. Observe product order	Products are displayed from lowest proce to highest price		
TC-PROD-010	Verify product can be added directly from product listing	Any available product	User is on inventory page	1. Select Add to cart on a product 2. Open cart	Selected product is added to the cart		

TC-DETAIL-001	Verify user can access product detail	Any available product	User is on inventory page	Click product name/image	User is redirected to the selected product detail page		
TC-DETAIL-002	Verify product detail displays correct product name	Any available product	User is on product detail page	Observe product name	Product detail page displays the correct product name		
TC-DETAIL-003	Verify product detail displays correct price and description	Any available product	User is on product detail page	Observe price and description	Correct product price and description are displayed		
TC-DETAIL-004	Verify product can be added to cart from detail page	Any available product	User is on product detail page	1. Click Add to cart 2. Open cart	Selected product is added to the cart		
TC-DETAIL-005	Verify user can return to product listing	Any available product	User is on product detail page	Click Back to Products	User is returned to the inventory page		
TC-CART-001	Verify product can be added to cart	One available product	User is logged in	1. Click Add to cart 2. Open cart	Selected product appears in cart		
TC-CART-002	Verify multiple products can be added to cart	Two or more products	User is logged in	1. Add product A 2. Add product B 3. Open cart	All selected products appear in cart		
TC-CART-003	Verify cart badge reflects selected products	One ore more products	User has added products	1. Add products 2. Observe cart icon/badge	Cart indicator reflects the number of selected items according to application behavior		
TC-CART-004	Verify selected product information is displayed in cart	One product	Product has beed added to cart	1. Open cart 2. Compare product with product selected previously	Correct product name, price, and relevant information are displayed		

TC-CART-005	Verify product can be removed from cart	One product	Product is in cart	1. Open cart 2. Click Remove	Selected product is removed from cart		
TC-CART-006	Verify multiple products can be removed from cart	Two or more products	Multiple products are in cart	1. Open cart 2. Remove products individually	Selected products are removed correctly		
TC-CART-007	Verify cart can be accessed from inventory page	N/A	User is logged in	Click cart icon	User is redirected to the shopping cart page		
TC-CART-008	Verify user can continue shopping from cart	N/A	User is on cart page	Click Continue Shopping	User is returned to the inventory/product listing page		
TC-CHECK-001	Verify checkout with valid customer information	First Name: Shofia Last Name: Atika Postal Code: 40113	User has at least one product in cart	1. Open cart 2. Click Checkout 3. Enter valid information 4. Click Continue	User proceeds to checkout overview		
TC-CHECK-002	Verify validation for empty first name	First Name: empty Last Name: valid Postal Code: valid	User is on checkout information page	1. Leave first name empty 2. Fill other fields 3. Click Continue	System prevents continuation and displays validation message for first name		
TC-CHECK-003	Verify validation for empty last name	First Name: valid Last Name: empty Postal Code: valid	User is on checkout information page	1. Fill first name 2. Leave last name empty 3. Fill postal code 4. Click Continue	System prevents continuation and displays validation message for last name		
TC-CHECK-004	Verify validation for empty postal code	First Name: valid Last Name: valid Postal Code: empty	User is on checkout information page	1. Fill first name 2. Fill last name 3. Leave postal code empty 4. Click Continue	System prevents continuation and displays validation message for postal code		
TC-CHECK-005	Verify validation when all checkout fields are empty	All fields empty	User is on checkout information page	1. Leave all fields empty 2. Click Continue	System prevents continuation and displays validation message for required field(s)		

TC-CHECK-006	Verify checkout accepts valid customer information	Valid alphabetic names and numeric postal code	User is on checkout information page	1. Enter valid first name 2. Enter valid last name 3. Enter valid postal code 4. Continue	User successfully proceeds to checkout overview		
TC-CHECK-007	Verify order summary displays selected product	One selected product	User has completed checkout information	1. Continue to overview 2. Review listed product	The product in the order summary matches the product selected in the cart		
TC-CHECK-008	Verify order summary displays correct product price	One selected product	User is on checkout overview	Compare product price in inventory/cart with overview	Product price is displayed correctly		
TC-CHECK-009	Verify order summary calculates subtotal correctly	One or more products	User is on checkout overview	1. Calculate expected subtotal from selected products 2. Compare with displayed subtotal	Displayed subtotal matches the expected calculation		
TC-CHECK-010	Verify tax is calculated correctly	One or more products	User is on checkout overview	1. Calculate/verify expected tax according to application behavior 2. Compare with displayed tax	Displayed tax is calculated according to the application's defined calculation		
TC-CHECK-011	Verify total amount is calculated correctly	One or more products	User is on checkout overview	1. Review subtotal, tax, and total 2. Verify calculation	Total amount is calculated correctly based on subtotal and tax		
TC-CHECK-012	Verify user can complete an order	Valid checkout information	User is on checkout overview	1. Review order 2. Click Checkout	Order is completed and confirmation page/message is displayed		
TC-LOGOUT-001	Verify user can logout	Logged-in user	User is logged in	1. Open navigation menu 2. Click Logout	User is logged out and redirected to the login page		
TC-LOGOUT-002	Verify logout terminates authenticated session	Logged-in user	User is logged in	1. Logout 2. Attempt to access an authenticated page using browser navigation	User cannot continue using the authenticated session after logout		
TC-LOGOUT-003	Verify user can login again after logout	standard_user / secret_sauce	User has successfully logged out	1. Enter valid credentials 2. Click Login	User can successfully log in again
